AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims

1. (Currently Amended) A health bedding comprising:
a talc-containing padding layer ~~10~~-made of talc-containing polyester fibers;
a magma stone-containing padding layer ~~20~~-made of magma stone-containing polyester fibers;
a chitosan-containing padding layer ~~30~~-made of chitosan-coated natural fibers;
an inner sheath ~~40~~-made of knitted or woven fabrics and wrapping the talc-containing padding layer, the magma stone-containing padding layer and the chitosan-containing padding layer; and
an outer sheath ~~50~~-made of knitted or woven fabrics for wrapping the inner sheath-~~40~~,
wherein the chitosan-, talc- and magma stone-containing padding layers are stacked on one another.

2. (Currently Amended) A health bedding in accordance with claim 1, further comprising an attachment ~~60~~-fixedly attached to the inner sheath-~~40~~, the attachment ~~60~~-being formed of one selected from a group including jade, ceramics and magnet or molded out of plastic containing at least one selected from the group.

3. (Currently Amended) A health bedding in accordance with claim 2, wherein the attachment ~~60~~-is attached to the inner sheath ~~40~~-by sewing a portion of a fixing cloth ~~62~~-around the attachment ~~60~~-or via a fixture-~~64~~.

4. (Currently Amended) A health bedding comprising:
a talc-containing padding layer ~~110~~-made of talc-containing polyester fibers;
a magma stone-containing padding layer ~~120~~-made of magma stone-

containing polyester fibers;

a chitosan-treated knitted/woven fabric layer ~~170~~ which is at least surface treated with chitosan;

a sheath ~~150~~ made of knitted or woven fabrics for wrapping the talc-containing padding layer ~~110~~, the magma stone-containing padding layer ~~120~~ and the chitosan-treated knitted/woven fabric layer ~~170~~; and

an attachment ~~160~~ fixedly attached to the chitosan-treated knitted/woven fabric layer ~~170~~, the attachment ~~160~~ being formed of one selected from a group including jade, ceramics and magnet or molded out of plastic containing at least one selected from the group.

5. (Currently Amended) A health bedding in accordance with claim 4, wherein the chitosan-treated knitted/woven fabric layer ~~170~~ is interposed between the talc-containing padding layer ~~110~~ and the magma stone-containing padding layer ~~120~~.

6. (Currently Amended) A health bedding in accordance with claim 4, wherein the chitosan-treated knitted/woven fabric layer ~~170~~ is made of cotton fabrics.

7. (Currently Amended) A health bedding in accordance with claim 4, wherein the attachment ~~160~~ is attached to the chitosan-treated knitted/woven fabric layer ~~170~~ by sewing a portion of a fixing cloth ~~162~~ around the attachment ~~160~~ or via a fixture ~~164~~.

8. (Currently Amended) A health bedding comprising:

a talc-containing padding layer ~~210~~ made of talc-containing polyester fibers;

a magma stone-containing padding layer ~~220~~ made of magma stone-containing polyester fibers;

a first sheath ~~250~~ made of knitted or woven fabrics for wrapping the talc-containing padding layer ~~210~~ and the magma stone-containing padding layer ~~220~~;

wherein at least one of the padding layers ~~210~~ and ~~220~~ is applied with liquid bio-ceramics at the surface thereof.

9. (Currently Amended) A health bedding in accordance with claim 8, further comprising:

a second sheath ~~240~~ arranged within the first sheath ~~250~~ for wrapping the talc- and magma stone-containing padding layers ~~210~~ and ~~220~~, the second sheath ~~240~~ being made of knitted or woven fabrics; and

an attachment ~~260~~ fixedly attached to the second sheath ~~240~~, the attachment ~~260~~ being formed of one selected from a group including jade, ceramics and magnet or molded out of plastic containing at least one selected from the group.

10. (Currently Amended) A health bedding in accordance with claim 9, further comprising a chitosan-containing padding layer ~~230~~ made of natural fabrics coated with chitosan, wherein the chitosan-containing padding layer ~~230~~ is wrapped in the second sheath.

11. (Currently Amended) A health bedding in accordance with claim 8, further comprising:

a knitted/woven fabric layer ~~270~~ which is at least surface treated with chitosan; and

an attachment ~~260~~ fixedly attached to the knitted/woven fabric layer ~~270~~, the attachment ~~260~~ being formed of one selected from a group including jade, ceramics and magnet or molded out of plastic containing at least one selected from the group.

12. (Currently Amended) A health bedding in accordance with claim 11, wherein the chitosan-treated knitted/woven layer ~~270~~ is interposed between the talc-containing padding layer ~~210~~ and the magma stone-containing padding layer ~~220~~.

13. (Currently Amended) A health bedding in accordance with claim 11, wherein the chitosan-treated knitted/woven fabric layer ~~270~~ is made of cotton fabrics.

14. (Currently Amended) A health bedding in accordance with claim ~~9 or 11~~, wherein the attachment ~~260~~ is attached to the second sheath ~~240~~ or the chitosan-treated

knitted/woven fabric layer ~~270~~—by sewing a portion of a fixing cloth ~~262~~—around the attachment ~~260~~—or via a fixture ~~264~~.

15. (New) A health bedding in accordance with claim 11, wherein the attachment is attached to the second sheath or the chitosan-treated knitted/woven fabric layer by sewing a portion of a fixing cloth around the attachment or via a fixture.
